## **Contents of this Document**

This draft of the FY16 Budget is intended as a working document that will evolve into a basis for our public hearing and is written in a way that will allow for easier understanding of the district's proposals while retaining important aspects of our internal budgeting scheme.

It should be noted that the FY15 revised figures were determined on April 27, 2015. Changes to these amounts can take place throughout the year, but no further changes will be made to the FY15 figures in this document.

## **Vision Statement**

*To produce the Nation's best!*

## **Mission Statement**

*To maximize academic achievement and personal growth to enable all students to compete in the global economy.*

## **Strategic Planning Goals**

During the course of the 2010-2011 school year, the district embarked on a Strategic Planning process that has resulted in three (3) long-range goals:

- 1. Provide engaging and equitable opportunities to enhance and sustain learning.**
- 2. Prepare students for higher education and the 21<sup>st</sup> Century workforce.**
- 3. Increase sustainable and productive community partnerships to maximize educational opportunities.**

The School Committee approved the final Strategic Plan goals and action plans in May of 2011. Full implementation of the plans began in 2011-2012. A mid-year review of the progress on the goals was presented at the State of the Schools presentation on March 20, 2013.

## **Merrimack and Endicott Fellowship Program**

The Education Fellowship program at Merrimack College and Endicott College is a full-year clinical residency program that links a graduate student with a partner school. Students take graduate courses in the summers and evenings through the school year while serving as full-time professionals in varied capacities in their classroom. The residency allows Fellows to engage in a range of classroom-based activities such as small-group instruction, co-teaching and independent classroom instruction. All Fellows have experienced and highly effective teacher-mentors, college supervisors, and education advisors to support their learning and strengthen their impact on students' success. All Fellows have undergraduate degrees in content areas and some already have one or more certifications.

**MUNIS Accounting System**

Much of the financial data presented in this report is referenced by an account number that identifies the expense category. In the district's MUNIS accounting system, accounts are identified through a combination of four codes. For example, first grade classroom teachers at the Ayers Elementary School are budgeted in the following account:

**Cost Center Funding**

Our accounting system is distributed across fourteen cost centers.

Budgets for individual schools account for all salaries for employees assigned to that building as well as all operating costs, i.e., building budgets (programs) and facilities (utilities and supplies). For those employees who work in two buildings, salaries are apportioned to the specific buildings. All changes in staffing are explained later in this document with the presentation of each school's budget.

The McKeown School (MK) will be the home of the Pre-School Programs and the Special Education offices. This consolidates all pre-school classrooms into one location and will provide us with possible expansion.

The Memorial Building (ME) is the home of school district offices with the exception of Special Education that will move to McKeown for FY16. The Memorial Building has been the home of Recovery High School (RHS) which will relocate in FY16 to the NEC building on Sohier Road. With the move to McKeown, rental by NEC of McKeown and space in Memorial will be discontinued.

Administration (AD) expenses reflect salaries and operational costs for all district-wide (non-instructional) personnel.

Buildings & Grounds (BG) includes expenses for major capital improvements and for care and maintenance of all our facilities and grounds, with the exception that building custodians and custodial supplies for individual buildings are included in the school budgets.

Non-Instructional Services (NI) include such expenses as regular education transportation, traffic supervisors, child welfare services, and health services.

Other Instruction (OT) includes a wide array of services and other support for instruction. Broad categories include itinerant instructional personnel, curriculum development, professional development, technology, fine arts, elementary enrichment, substitutes, and employee benefits. Health insurance costs represent the greatest majority of this category. Other expenses for employee benefits include funds reserved for column moves, negotiations, FICA, unemployment, and a matching 403b program.

Special Education (SP) expenses reflect district-wide expenses only, including salaries, transportation, and other operational costs. Salaries for special education personnel assigned to school buildings are included in the school budgets.

### **FY15 Original Appropriation and Revised Budget**

The School Committee approved a budget for FY15 in the amount of \$49,364,966. However, a revised FY15 budget has been developed totaling \$49,864,558. The difference of approximately \$499,592 is the result of a budget surplus from open FY14 purchase orders.

### **Class Size and Staffing Issues**

Throughout the budget development cycle and even into the summer, enrollment projections are periodically updated and monitored by the administration. Significant changes in student enrollments may affect staffing at any point during that period. Since 2005-06, the School Committee has set as recommended guidelines 25 students in grades 1 and 2 and 30 students in grades 3 through 12. Kindergarten enrollments are usually capped at 22 students. Preschool and district level programs have class sizes that are determined by state Special Education requirements.

As elementary enrollments vary over the years, the number of teachers for a particular grade in a school can increase or decrease as administrators seek the proper class sizes. It is not unusual for one grade or school to need an additional teacher and another grade or school to need one fewer teacher; thus no overall increase in staffing would be required.

The most difficult staffing decisions occur when an average class size is at or just above the maximums of 25 and 30 students. Experience has shown that grade level enrollments can increase or decrease right through the summer months. Rather than add new staff prematurely, such situations are monitored through the summer, at which time a decision is made whether or not to add staff to solve a class size problem.

Enrollments for regular elementary classrooms typically include an estimate for special education students in district programs who may spend a significant part of their day in a regular classroom setting. That data is included in the enrollment projections in this report.

## **Budget Highlights**

The FY16 Budget contains changes in staffing, operating budgets, programs and revenues. These changes are reflected below. The changes in staffing result in a total increase of 10 full-time equivalents (FTE).

### **A. Positions/Adjustments**

1. At the district level (effective FTE changes = +4.0)
  - Add 1.0 Occupational Therapist (OT)
  - Add 2.0 Board Certified Behavioral Assistant (BCBA)
  - Add .6 COTA
  - Add .4 Speech Therapist
  - Decrease funding in Contractual Services
  - Moving Sped Contingency to Circuit Breaker
2. At the elementary level (effective FTE additions = +3.5)
  - At Ayers Elementary School
    - Decrease 1 FTE in Grade 3 due to projected enrollment
    - Increase 1 FTE in Grade 4 due to projected enrollment
    - Increase 1 FTE in Grade 5 due to projected enrollment
  - At Centerville Elementary
    - Decrease 1 FTE in Grade 1 due to projected enrollment
    - Increase 1 FTE in Grade 3 due to projected enrollment.
    - Decrease 1 FTE in Grade 4 due to projected enrollment
    - Increase 1 FTE in Grade 5 due to projected enrollment
  - At Cove Elementary School
    - Increase 1 FTE in Grade 3 due to projected enrollment
    - Decrease 1 FTE in Grade 5 due to projected enrollment
    - Increase .5 FTE Math Coach
  - At Hannah Elementary School
    - Decrease 1 FTE in Grade 2 due to projected enrollment
    - Increase 1 FTE in Grade 3 due to projected enrollment
    - Increase 1 FTE Math Coach
  - At North Beverly Elementary School
    - Decrease 1 FTE in Grade 1 due to projected enrollment
    - Increase 1 FTE in Grade 2 due to projected enrollment
    - Increase 1 FTE Math Coach
3. At the middle school: (effective FTE additions = +1 FTE)
  - Increase 1 FTE Literacy Coach
4. At the high school: (effective FTE additions = +1 FTE)
  - Increase 1 FTE Science/Engineering Teacher

### **B. Operating Budgets**

- School operating budgets are level funded for FY16.
- Health Insurance rates are projected at 1% increase.
- Increase B&G Budget by \$75,000
- Steps, Columns and % increase budgeted in contingency account

### **C. Program**

- No Tuition and fees were increased in FY16.

### **D. Revenue**

- Plan for an increase in the General Fund Revenue from the City to \$1,430,258
- Project a 72% level of reimbursements for the Circuit Breaker program.
- Increase in school choice revenue based on current choice enrollment.
- Increase in Chapter 70 Funding based State Budget.
- Loss of \$530,000 rental income.

**Revolving Accounts**

We show revenue and expenses related to all revolving accounts separately from the district budget. Revolving accounts are separate funds with their own revenue streams which are used to pay for expenses related to the particular funds. For example, rather than have EEC tuition revenue count as revenue towards the district budget, salaries for EEC teachers are to be paid out of the EEC Revolving Account, which uses EEC tuitions as revenue. A total of \$5,104,340 of expenses is paid from revolving accounts.

We are required by statute to have a balanced budget. The MUNIS budgets shown in this report identify these transfers of expense to revolving accounts, and a summary of revolving accounts begins on page 36.

**Circuit Breaker**

The state's special education reimbursement program (Circuit Breaker) was enacted into law in 2000 and first implemented in FY04. The program reimburses school districts for high cost special needs students. School districts are eligible for reimbursements for students whose programs cost greater than four times the statewide foundation budget (\$41,408 in FY15). By law, districts are to be reimbursed for 75% of the costs above four times the statewide foundation budget, subject to appropriation.

Expenses in Special Education Tuition Out accounts are difficult to predict. Circuit Breaker is a state funding program that helps us to pay extraordinary tuitions for special education students. Circuit Breaker was funded at 72% in FY15. The state is predicting that Circuit Breaker will be funded at 72% for the FY16 budget. The circuit breaker percentage is finalized in the legislative budget process.

**Expense and Revenue Comparisons**

Summary data for the current projections for FY16 expenses and revenues is shown in the chart below, with a comparison to the FY15 Approved Budget.

**Ayers Ryal Side Elementary School**

The Ayers School serves students in grades K-5. It is home to one of our district's half-day kindergarten program and also our K-5 English Language Learner program. Because the kindergarten program is a district-based program, half-day students are housed in the elementary schools where there is the most space. We expect that our half-day enrollment will grow during the summer up until September; therefore, we will need to re-evaluate our half-day program as the summer progresses. Ayers will have full day Kindergarten classes in FY16. Projected enrollment for Ayers is shown in the chart below.

- AY 015 The building principal is on a year round individual contract.
- AY 055 The building is serviced by two custodians (day and night shifts).
- AY 075 The number of classroom teachers in grades 1-5 projected for FY16 will increase by 1. Art, Music, and Physical Education teachers, along with the STE(A)M Integration Specialist, are commonly referred to as "specialists".
- AY 080 The district program for English Language Learners, located at the Ayers School, is provided by two teachers and a paraprofessional. One and one half (1.5) district reading specialists provide support services to identified students. The Title I Grant provides 1.0 FTE for reading and math support. Increased .5 FTE Math Coach.
- AY 095 There are two special education teachers for the Learning Center in the school.
- AY 295 Four lunchroom monitors assist with lunch/recess supervision, and the school also has a breakfast monitor.
- AY 335 One school nurse serves student needs in the school.
- AY 096 One adjustment counselor serves student needs in the school.
- AY 115 Each elementary school STE(A)M Integration Specialist
- AY 195 The school office is served by one clerk.
- AY 640 The building budgets have been level funded for FY16. The entire amount is shown in account AY 640 62190 Interdisciplinary. Principals have discretion as to how to apportion this amount to meet building needs, but that distribution among the various accounts (600's and 700's) does not occur until a final budget is approved.

**Memorial Building**

The Memorial Building will no longer be available after FY16 due to the new Middle School Project. For FY16, Memorial will continue to house the district offices and various City offices. It will also be the home to the Elementary Enrichment Center (EEC) program for grades 4 and 5. Students in the 3<sup>rd</sup> grade will have the program delivered in their home schools in a new format.

EEC at Memorial serves academically talented students in grades 4-5. It is a full-day, pull-out program offering differentiated instruction focused on developing higher order thinking skills. Funds to support EEC are budgeted under Other Instruction.

ME 055 The building is serviced by one full-time day custodian and part-time custodians (.48 FTE).

**Buildings & Grounds**

On July 1, 2010 the School Committee consolidated its Buildings and Grounds Department with the City's Public Works Division. According to the agreement, the School Committee still maintains oversight of the B&G budget. Thus we continue to show the B & G budget in our FY16 proposal. The Buildings and Grounds office is located in the Memorial Building.

- BG 230 One Director oversees the operation of the Buildings and Grounds Department. This position is supervised by the City Commissioner of Public Works.
- BG 235 This account includes a part-time electrician, part-time HVAC position and the School Facilities Engineer.
- BG 275 This account provides substitutes when custodians are absent at various buildings.
- BG 295 These accounts cover overtime expenses for various system wide needs.
- BG 740 An emphasis on preventive maintenance and greater efficiencies contribute to holding expenses down. Good maintenance of all our buildings can be supported by the proposed amounts in the all the 700's. There is additional funding for school safety.
- BG 780
- BG 880 These accounts are primarily used for contracted services.
- BG 900 This account will primarily be used for system-wide capital improvements.

**Non-Instructional Services**

Non-Instructional Services covers three functions within the district: the Office of Child Welfare and Attendance, support services for school nurses, and the Transportation Department.

The Office of Child Welfare and Attendance oversees a wide array of important functions for the school district. These include oversight to ensure that civil rights are protected and that the district's discrimination and harassment policy is properly implemented. Similarly, there are some areas that relate to specific parent and family needs, including information on immunizations, students who are homeless or in foster/kinship families, a variety of support services for students and/or families having difficulties. Information on these and other areas is contained on a separate webpage on Parent Resources. Child Welfare and Attendance encompasses many other areas, including interventions for excessive absenteeism or tardiness, the Partnership for Violence Prevention, the Memorandum of Understanding, and the Anti-Defamation League's A WORLD OF DIFFERENCE® Institute Peer Training Program.

Funds for the district's transportation program are allocated in NI accounts. However, expenses for Special Education Transportation, which is also operated by our Transportation Department, are budgeted under Special Education (SP) accounts. The Transportation Office is located on Sohler Road behind the Briscoe Middle School.

- NI 315 Oversight of Child Welfare & Attendance is conducted by a coordinator. The Coordinator is on an individual contract. The district's discrimination and harassment policy is implemented at the school level by staff members identified and trained as Equity Coordinators. Annual training of staff is mandated by law.
  - 61000 This amount provides stipends for Equity Coordinators (\$20,000) and ADL Peer Leader Advisors (\$7,000).
  - 61036 This line pays for clerical support for the Child Welfare and Attendance Office.
  - 61872 This pays for substitute teachers for equity coordinators when they are trained.
  - 62872 This line pays for harassment and bullying prevention training for equity coordinators and BPS students and staff, books and materials, behavioral health and responsive classroom training.
- NI 335 These accounts provide resources for our school nurses.
  - 61270 A stipend is paid to the School Physician. The School Nurse Leader position is a 1.0 position
- NI 375 These accounts support the various needs for operation of our transportation program.
  - 61980 The Director of Transportation is on an individual contract.
  - 61983 The expense is offset through user fees.
  - 61990 Overtime for the mechanic has been level funded.
  - 62200 Each year the department has purchased a new vehicle in order to prevent aging of our fleet. This line covers the lease payments for current vehicles
  - 62950 This line reflects the cost of building rental for the transportation garage. The space and cost is being shared with the city that utilizes it for the fire department.
  - 62959 These funds specifically enable transportation for homeless students.
  - 62970 This is an estimate of the fuel cost for regular education transportation.
- NI 395 The district employs 17 traffic supervisors and pays a stipend to one of them to coordinate assignments and substitutes.

**Other Instruction**

Other Instruction includes accounts covering a wide array of instructional support needs and programs as well as staff members with district-wide responsibilities.

- OT 035 The amount shown is the full salary for the Athletic Director position.
- OT 075 The Elementary Instrumental Music Program is currently provided to each elementary school by two itinerant teachers.
- OT 080 61092 Instructors for the Elementary Enrichment Center are included here (1.0 FTE).
- OT 118 61189 Funds for negotiating individual contracts and union contracts are included here. Changes in degree status that result in changes in salaries are referred to as "column moves" and are budgeted here. Typically such changes are made during the summer prior to the start of a new school year.
- 61755 Some employee groups are eligible for a program that matches contributions to a 403b plan
- 61962 A substitute caller receives a stipend and phone service for handling assignment of substitutes for the district.
- OT 275 The substitute accounts have been level funded.
- OT 630 62195 This account provides materials for our literacy program.
- 62210 Replacement materials for Math program.
- 62250 Health curriculum materials and texts at the elementary level.
- 62255 Science instruction in grades K-5 requires replacement of supplies and materials.
- 62263 Virtual High School has annual expenses of membership fees and supplies and materials.
- OT 650 61000 This account provides professional development activities, including: K-12 teacher led professional development and technology professional development.
- 62095 Other accounts provide substitutes, materials, and equipment to support curriculum development in English Language Arts, math, wellness, and the district program for mentoring beginning teachers.
- OT 660 62090 Books and materials are necessary to support activities of the Elementary Enrichment Center.
- 62275 Supplies and other expenses are necessary to conduct the various testing programs in the district, including Grade, DIBELS (grades K-5), and DIALK and Scantron Achievement Series (grades 3-6). This account has been increased to standardize assessments in each school building.
- 62801 These funds purchase equipment to support individuals on specific 504 plans.
- 62802 This line has been increased to provide support for our English Language Learner program.
- 62876 Expenses in this account are fees for consultants to assist in leading professional development in various subject areas.
- OT 710 The sum of \$40,000 is budgeted as stipends for course work completed by teachers who are at the Masters plus 60 credits column of the salary schedule. The stipend is paid only during the contract year in which the course is taken. The maximum remuneration for each credit is \$333. Annual restraint training is mandated for certain employees.

**Special Education**

Our Special Education department embraces a philosophy of inclusion in the least restrictive environment and works diligently to provide all students with a Free and Appropriate Public Education. Special Education services are available to all students preschool through graduation that are determined to be eligible through the evaluation process. Federal guidelines for students' eligibility and services are outlined by IDEA 2004 (Individual with Disabilities Act). Special Education services are provided at the school building level and are budgeted at each individual school. Special Education (SP) accounts address district-wide and out-of-district expenses.

- SP 035 This department is led by a Director of Pupil Personnel Services (PPS). An Administrative Team Chairperson and an Out-of-District Placements Team chair handle duties for the department.
- SP 195 There are four clerical positions to support the PPS office. One of those positions handles the Medicaid program.
- SP 375 Transportation for special education students is for in district and out-of-district placements.
- SP 410 Expenses in these accounts are for the operation of the PPS office.
- SP 415 There are four psychologists (4.14 FTE).
- SP 435 There are four team chairpersons who coordinate development of IEP's.
- SP 450 Included in this account are salaries for occupational therapists and assistants, physical therapists and assistants, BCBA and ABA tutors.
- SP 455 Included in this account are salaries for Speech Therapists, SLPA's assistants meet student needs at school buildings.
- SP 495 Home instruction is sometimes required.

## Revolving Accounts

Revolving accounts are separate funds with their own revenue streams which are used to pay for expenses related to the particular funds. For example, rather than have EEC tuition revenue count as revenue towards the district budget, salaries for EEC teachers are to be paid out of the EEC Revolving Account, which uses EEC tuitions as revenue. The total amount anticipated for all revolving accounts is \$5,104,340. The following charts identify each revolving account, the anticipated amount, and the expenses which are offset in the FY16 budget.

- a. The state's special education reimbursement program (Circuit Breaker) was enacted into law in 2000 and first implemented in FY04. The program reimburses school districts for high cost special needs students. School districts are eligible for reimbursements for students whose programs cost greater than four times the statewide foundation budget (\$41,408 in FY15). By law, districts are to be reimbursed for 75% of the costs above four times the statewide foundation budget, subject to appropriation.
- b. When a special education student is placed in a group home here in Beverly and attends one of our public schools, we bill the community in which the parent resides for the cost of the special education services.
- c. The School Choice program allows parents to send their children to schools in communities other than the city or town in which they reside. For students who choose to attend Beverly schools, tuition is paid by the sending district to the Beverly Public Schools. For Beverly students who choose to attend school in other districts, tuition is paid by the City of Beverly to the receiving district. Thus, School Choice is only shown as revenue for the district, while it appears as an expense in the City's budget. Districts may elect not to enroll School Choice students if no space is available.
- d. The district's Preschool program, sometimes referred to as Pre-K, serves three- and four-year-old students in a learning environment that includes both regular and special education students. Peers in the Preschool program are charged tuition, annually set by the School Committee.

- e. The district offers a combination of full- and half-day kindergarten classes. Tuition is assessed for participation in full-day kindergarten. Tuition for full-day kindergarten is set by the School Committee based on the guidelines by the Massachusetts Department of Elementary and Secondary Education (DESE). Beverly receives grant money from the State to help offset some kindergarten expenses.
- f. The Elementary Enrichment Center (EEC) serves academically talented students in grades 4-5.
- g. Middle and high school athletes are assessed user fees for each sport in which they participate. The revenue from these fees help offset the high cost of our athletic program and allows us to retain the variety of sports that we have. The projected revenue for FY16 is based upon participation rates experienced in FY15. Revenues from gate receipts are deposited into the Athletic Revolving Account and are used purely for athletic operating expenses.
- h. The Elementary Instrumental Music Program allows participating students in grades 3, 4 and 5 to receive small group instruction in either band or string instruments, with opportunities to play in district-wide musical programs. Students are pulled out of their regular classroom to receive this instruction, and parents are charged a fee for this elective program.
- i. Students who wish to park their vehicles in the Beverly High School lot are assessed an annual parking fee.

- j. Fees of \$315 per student and \$630 per family are assessed to those students in grades 7-12 who ride buses to school. Students in grades 1-6, who live beyond 2 miles, ride free by law. Revenue from these fees goes to the Transportation Revolving Account. These funds are used to offset transportation expenses and are thus shown as revenue in the district budget. State law mandates that students in grades 1-6 living more than 2.0 miles from school shall receive free transportation.
- k. Revenue generated by the district's food service program is deposited into the Cafeteria Revolving Account. There is an expectation that this account contain enough funds to cover three months of operating costs
- l. Memorial Middle School was closed in June 2005 and shortly thereafter housed the school district offices as well as several City offices. Since that time, the district receives rent from the City for their occupied spaces. The major portion of revenue results from the afterschool program run by the YMCA in our elementary schools. A smaller portion of this revenue amount is generated from the rental fees assessed to the various groups that use our facilities in the evening, on weekends, and during vacation periods.
- m. Sevis revenue is generated by foreign students enrolled at the high school through Educatius. Students attend for one full year and pay tuition.

**General Fund**

General Fund revenues are those local and state funds annually directed to operate the schools of our City (City Contribution & Chapter 70). The additional city contribution is \$1,430,258 over the FY15 approved budget.
